FLORAL PARADE AFFAIRS IN HAND

Manager to Be Chosen At Once
and Program Work
Will Be Begun.

The business of beginning active
work on the 1909 Floral Parade pro-
gram will be taken up at the next
meeting of the Promotion Committee,
President Bowen stating that the mat-
ter of securing someone to take charge
of this year's work was being consid-
ered by himself and Mr. Wood and the
result would be announced. It was
realized by Mr. Bowen and the other
members of the committee that there
is not much time to lose in laying the
groundwork for the 1909 fiesta.

W. H. Hoogs, the new member of
the committee, appointed by President
Morgan of the Chamber of Commerce,
to succeed W. E. Brown, was present
and took an active part in the debates.
Mr. Hoogs is going to be a useful mem-
ber of the promotion body.

The Floral Parade matter was the
principal item of business brought up,
with the exception of the passing of
the regular monthly accounts, amount-
ing to \$1547.

Secretary Wood's regular weekly
letter was

The Secretary's Report.

Honolulu, January 14, 1909.
Chairman and Members of the Hawaii
Promotion Committee.

Gentlemen: Each steamer now call-
ing at Honolulu contributes its quota
of homeseekers, investors and tourists.
Arrivals for the past two months have
been unusually large and it is pleasing
to be able to report that the prospects
favor a record breaking season. By the
first steamer in February, we will ac-
tively commence our campaign for next
summer's travel in which I believe we
are also going to be successful.

Within the past month, we have had
an unusually large inquiry for cottages
and rooms, with and without board.
While we have quite a complete list of
the boarding houses throughout the
city, it would prove of assistance if
those of our citizens having furnished
cottages or rooms to let would send in
word to the committee in order that
the information may be filed for future
use.

Among other letters received by the
last mail was one from Mr. John D.
Trenor, agent of the Territorial Board
of Immigration in New York City, in
which he gives the address of a party
in South Carolina, who, in Mr. Trenor's
opinion, apparently belongs to the
"small farmer" class. At Mr. Trenor's
request, we will endeavor to keep his
correspondent in touch with conditions
here.

By the same mail, we received a let-
ter from a miner in Alaska, saying that
he had \$4000 to invest and was about
convinced that Hawaii was the place
for him. We hope that the additional
information sent in answer to his in-
quiries may prove effective.

The following letter is along the
same lines:

Richmond, Va., Dec. 28, 1908.

"Dear Sir: We have about conclud-
ed to go to your city and take up
our permanent residence there. Have
a cash capital of \$5000 besides a regu-
lar income of \$1200. The cash we
should put into a home. Would the
\$1200 give us a fair living? Please
send all information possible as to cli-
mate, cost of living, etc."

There should be no difficulty in secur-
ing this man as a permanent citizen.
Mr. W. H. Michael, American Consul
General at Calcutta, writes under date
of Nov. 24 as follows:

"I beg to acknowledge receipt of a
copy of the last edition of the map
'The Crossroads of the Pacific' and to
thank you for it. It is a happy con-
ception as well as a finely executed
piece of work. I could use three addi-
tional copies. The Promotion Commit-
tee is doing splendid work in adver-
tising Hawaii and attracting attention
to the resources and beauties of the Is-
lands."

Mr. Jacob E. Conner, American Consul
at Saigon, China, writes under date
of Nov. 9 in part as follows:

"Your map 'The Crossroads of the
Pacific' has a prominent place on the
wall of my office. The next edition
will, I hope, have Saigon on it. Some
Saigon people recently returned from
Europe via Hawaii and speak of your
city's beauty in the highest terms and
I was pleased to be able to corroborate
all they said. Best wishes for the suc-
cess of your committee."

The director of the Philadelphia
Museums writes us for an exhibit from
the Islands. They will build the neces-
sary cases and give the necessary space
without cost. As a basis for an ex-
hibit, they already have the photo-
graphs, colored drawings and sketches
displayed by Hawaii at the Paris Ex-
position.

A lady residing at New Castle, Penn-
sylvania, writes asking for information
to be used by her in an address on
Hawaii to be given before a prominent
Woman's Club of that city.

Frank Clark writes that he will be
unable to extend the stay of the Atlatl
in port as requested by us. Mr. Clark
concludes his letter as follows:

"Rest assured, I shall do everything
in my power at all times to promote
travel to your delightful Islands."

The Southern Fruit Grower, publish-
ed at Chattanooga, Tennessee, write for
certain cuts appearing in our pamphlet
Agriculture in Hawaii, for use in a spe-
cial article on the Islands shortly to
appear in that paper.

A letter just received from Miss Tow-
er is in part as follows:

"Under separate cover I am sending
you a copy of the January number of
Pacific Monthly containing my story
on Child Life in Hawaii which is illus-
trated mostly by some of the pictures
which your committee was kind enough
to furnish me, though three of the pic-
tures were taken by myself. With the
exception of the misspelling of ukulele,
which was my fault, as I depended on
the word of a woman who lived in
Hawaii instead of looking it up, I think
the story has come out in excellent
shape."

"I think you have seen the two
stories published recently in the Los
Angeles Times, one on Hawaiian water

PROPERTY IS PUT IN TRUST

Mrs. A. Garvie, Before Being
Remarried, Safeguards
Her Son.

Annie Garvie, widow of the late Al-
exander Garvie, who was one of Hono-
lulu's well known bankers at his death,
filed a document with Registrar
Merriam yesterday afternoon whereby
she secured for herself and her son,
James Garvie, absolutely, all the prop-
erty which she inherited from her hus-
band.

The document, which was made Jan-
uary 8th, recites the fact that a mar-
riage is shortly to be solemnized be-
tween Annie Garvie and George Evans,
and in view of that fact, the former
would give in trust to the Bishop Trust
Company, the following holdings: 28
shares of Oahu Railway & Land Com-
pany stock; 85 shares of Oahu Sugar
Company; 55 shares of Ewa Plantation;
200 shares in the Mountain King Min-
ing and Milling Company; and 50
shares of Olaa Sugar Company stock.
Upon the treaty for the intended mar-
riage, it was agreed by all parties that
the hereditaments should be settled in
this manner.

In addition to the stocks above
named, about 6871 square feet of land
along Prospect street should be given
to the Bishop Trust Company in trust
to manage, and to pay the net annual
income to Annie Garvie, until James
Garvie, her son by her first husband,
reaches the age of twenty-one years.
At that time the Bishop Trust Company
is to give him a full one-half share in
the property.

In case he should die before the age
of twenty-one the whole property is
to go to Annie Garvie, absolutely. In
case, however, she should die before
he reaches his majority, her share in
the property is to go to her heirs.

George Evans and Mrs. Annie Garvie
were married early during this week.

"LINCOLN DAY" MEETING CALLED BY G. A. R. MEN

The committee appointed by George
W. De Long Post Grand Army of the
Republic to arrange for a public cele-
bration of the one hundredth birth-
day of Abraham Lincoln, cordially in-
vites representatives of the Chamber of
Commerce, Merchants' Association, Engi-
neering Association, Stock Exchange,
Civic Federation, Promotion Committee,
Spanish War Veterans, Sons of the
American Revolution, and of any other
bodies especially interested in the mat-
ter to meet with it on Tuesday even-
ing, January 19 at 7:30 p. m. in the
legislative hall of the Capitol, for the
purpose of preparing a suitable program
for the celebration of the day.

The announcement was made yester-
day, accompanied by the notice that
all other citizens interested in mak-
ing the success of "Lincoln Day" cer-
tain would be welcomed at the meet-
ing. The Grand Army committee, con-
sisting of Messrs. Dickey, Turill and
Green, intend by this invitation to
include the committee appointed by the
Executive Committee of the Republican
Central Committee, which has taken up
the matter of a celebration in response
to a plank in their party's national
platform.

Senator Dickey states that the G. A.
R. local post will ask for the coopera-
tion of the Army, Navy and National
Guard in their work, while the public
schools and the colleges will be asked
to have their pupils turn out for a
grand parade and for the patriotic and
commemorative exercises to be held at
the Capitol grounds.

POLO OUTLOOK IS VERY BRIGHT

Already the outlook for polo dur-
ing the coming season is beginning to
look very bright. Fifteen of the like-
liest little ponies that have ever been
brought to the Islands are now in the
corral with the horses of the Fifth
Cavalry, and as soon as the regiment
is located at Leilehua, the officers will
begin practice.

Local horse enthusiasts are already
beginning to discuss the prospects for
organizing a team, and there is every
reason to believe that before very long
some steps will be taken in that di-
rection.

Though the field at Moanalua has
not been used for some time, it is in
excellent condition, and would require
but little work to get it into shape
for high-class play. There are ample
facilities at Leilehua for practice, and
tournaments could be played there
under the most satisfactory conditions.
The Leilehua ground far exceeds the
majority of those on the Pacific Coast,
being turf. As a general rule, polo in
California is played on dirt, with the
result that dust not only hinders the
work of the players, but makes it far
from pleasant for spectators to watch
the games.

Practice among the Army officers
will probably begin just as soon as
the ponies have been conditioned. It
will therefore be necessary to take
lively action, if a civilian team, capa-
ble of meeting the military aggrega-
tion on anything like even terms, is to
be organized.

sports and one on the volcano trip. An-
other on the tropical prison of Oahu will
shortly be published, one on the food
festivals of Hawaii is also coming on
soon and another will appear in Good
Housekeeping on the Fruits and Vego-
tables of Hawaii. I have finished the
first of a series of six stories on a trip
to Hawaii which are to be published in
The Sierra, a new magazine shortly to
be published.

Respectfully submitted,

H. P. WOOD,
Secretary.

JUST ARRIVED

after a 20 day trip from the interior and a cracking good
time, that wonderful troupe known as

Cyphers Lilliputians

These youngsters have been chaperoned during the entire trip
by Madam Henables and have arrived in fine shape and are
now settled in their quarters at the great

where they will do their "stunts" for the public while the
show is open.

They will perform in the E. O. Hall & Son booth at the
show, and after you have seen them you will be able to in-
spect the ship they arrived in and look over the house they
now occupy, inspect the food they eat, and learn something
about the many handy utensils which their parents insist on
having when they keep house.

Don't forget the Poultry Show, our booth at the show,
or the Cyphers Lilliputians who are a big part of the show.
